Subject: Lutheran Metro Ministry Youth Re-entry program

Group-

It has come to my attention that the above organization is attempting to locate their re-entry program group home into the City of Lakewood in a location which is not zoned for such use.

As no member of the Lutheran Metro Ministry has been in contact with me regarding this issue, so let me be clear as to the Administration's policy.

Zoning laws in this city will be strictly and uniformly enforced. Attempts to circumvent or ignore such laws will not be tolerated.

Exceptions can be made, particularly for those businesses or residences already in Lakewood looking to expand their operations, provided they are presented through the proper channels which includes the Board of Zoning Appeals process.

As the proposed location of the Lutheran Metro Ministry facility is not located in a properly zoned area, nor is it an existing Lakewood establishment looking to expand, the Administration opposes the 11849 Clifton location.
