Tom,

Please be in contact with Mike Sapell, owner of Sapell's Supermarket, 1314 W. 117 (529-1770) regarding problems he has had with Hidden Village residents.

He indicates he has had several shoplifting incidents and other problems with the residents both in his store and in the neighborhood.

As you are aware, many of us had real concerns about the Lutheran Ministries program coming to Hidden Village. And despite those concerns, the Planning Commission approved their move. At the time of approval, I questioned whether we could bring the issue back to the Planning Commission for further review. Is that a possibility?

Regardless, I feel it is very important to document the problems this program is having for future reference.

TJG
