DEPARTMENTAL CORRESPONDENCE

DATE: 10-12-06

SUBJECT: OPR: 11849 Clifton-Youth Re-entry Program

TO: Shift Commanders

FROM: Capt. Hassing 

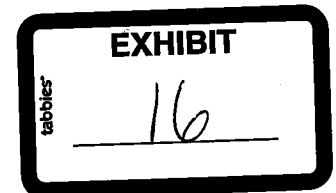

Over the past year the activity in and around 11849 Clifton has doubled. Reviewing the details we cannot pinpoint if the opening of the Youth Re-entry program is a definite cause. In order for us to use the nuisance ordinance and to determine if the program participants are contributing to the increase in activity we need documentation, including specific names and addresses.

In order to insure we are getting the information we need, until further notice, any call at 11849 Clifton where there is a criminal act or a disturbance a separate report is to be completed. Additionally if a situation occurs off the property involving a participant in the program a report is to be completed. The only exception would be calls, which are cleared as GOA,UTL or no cause for the complaint. The program participants reside in buildings C & D on the property.

If there are any witnessed violations citations are to be issued of arrests made if appropriate.

If there are any questions let me know.

cc: Chief Malley
Capt. Sabala
Lt. Ciresi
