I heard your voicemail also - after 1600 hrs. I am working 7-3 Friday - let me know when the Mayor is available.

Tony:

I told the Mayor how the meeting went last night. This email is a reflection of how ticked off he was at having May Hall and Youth Services help change the "perception."

Also, I mentioned to him he should have you go over all the data you collected. He said he would like to do so.

Dottie,

I was surprised to hear that you attended the meeting regarding Hidden Village last evening.

In the future please work with Det. Favre regarding this issue.

Any policy from this Administration regarding this issue will be directed through him.

Thanks-TJG
