All ML wants to do is make nice and keep them here. I'm not interested in being a part of that and would prefer not to be involved in any such meeting. That fact that she keeps going through Dottie and has not contacted me herself (which is OK by me) strenghtens my opinion.

I'll do what you think. Is Tom Corrigan going back at the Planning Commisssion angle? I'd like to contact the County and State and see LYM's contract with them. My though is that the neighborhood problems could be in conflict. Also still waiting to here further from Gilman on the fire code stuff.

Ed-

This is in regards to the Lutheran Ministries (Hidden Village). MLMadigan had approached Dottie last night after City Council as to how to "ease their transition" into the neighborhood.

Dottie, rightly so, told MLMadigan that you were the Adminlstrative contact for the Hidden Village situation.

I confirmed with MLMadigan that as far as I'm concerned, Hidden Village is on probation and unless major changes occur in their operation, their future in Lakewood is dim.

I don't know what conversation this is about.

Ed,

Councilwoman Madigan would like to discuss the status of LMM Youth Re Entry sometime at the end of this week. I am available on Wednesday to provide more information regarding our conversation at Council tonight.
